

# ROGUE FIRE

Born in Paris, Rogue Fire has always been surrounded by music. It all started with his saxophone and classical music studies when he was eight.

He has been digging electronic music for 10 years now, and began to DJ in clubs through a range of different electronic styles. That diversity has led him to his style of deep & powerful melodic music that will take you on a blissful journey through your mind, all while setting the dance floor alight with Fire.

***Rogue Fire blends saxophone and electronic music, jamming on top of the tracks to create emotional hybrid sets.*** His first productions will be released during 2022.

Regular now to play at several famous deserts such as Burning Man or AfrikaBurn you will feel these vibes throughout his sets. He has shared the decks with likes of Acid Pauli, Audiofly, Blond:ish, Satori, Damian Lazarus, Lee Burridge, Patrice Baumel, Britta Arnold, Unders, Be Svendsen and YokoO to name a few throughout Europe, the USA, South Africa, and Australia

## VENUES
