From residencies at clubs in New York City's underground to raves in the jungles of Central America, and commanding the dancefloors of some of Berlin's most storied nightclubs, Maddix has distinguished himself in the electronic music world. His eclectic and surprising sets are a testament to 20 years of obsessively hunting musical gems from gritty techno to soulful house. Renowned for his unforgettable sets that are both visceral and intellectual, Maddix takes the dancefloor from dark and dirty to soul touching mystery.

Having shared the stage with cutting edge artists like YokoO, M.A.N.D.Y., Lee Burridge, and Denis Horvat, Maddix has toured Europe, Asia, Central America, and the US. He has played some of the most respected venues internationally such as Garbicz Festival (Poland), Kater Blau (Berlin), Sisyphos (Berlin), Output (NYC), Brooklyn Mirage (NYC), Club AI (Tokyo), Elements Festival (NYC) and more. As the co-producer of the legendary Brooklyn warehouse party series, Dévotion, Maddix left a resonant mark on the New York electronic scene by bringing artists such as Goldcap and Sabo for the first time.
