BIOGRAPHY

Kind Of One is a dynamic artist whose sets are all about connecting with the audience through a unique blend of music. Never confined by genres, he fluidly navigates through Organic Afro House, Indi House, Melodic Techno, Tech House, and Techno, consistently bringing groovy and uplifting vibes to every performance.

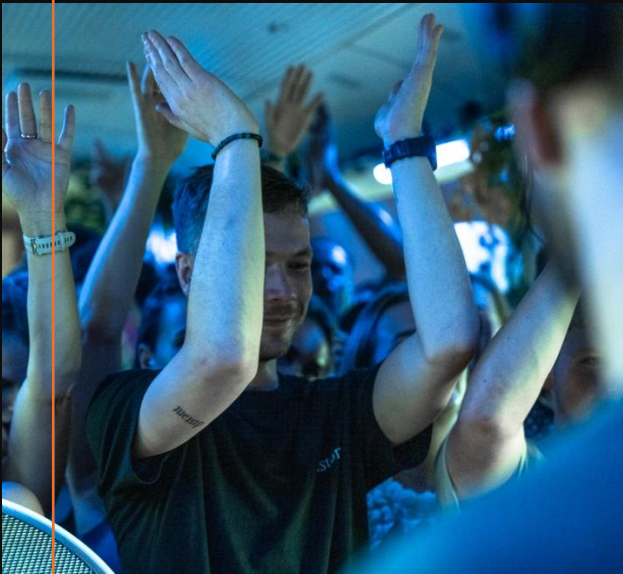

Since 2025 he also embraced the more up-tempo groovy and uplifting hypnotic Techno under his alias ØNEMIND.

Combined it forms his **KIND OF ØNEMIND** concept, which refers to his “one of a kind” style and mindset behind the decks.
